

≡ TDMTT-AL

TDMTT-AL is a small cart type solar surveillance equipment. It has small size and light weight, suit to equip a PTZ camera or the CCTV system with low power consumption. Mainly used for warehouse security, gate monitoring and emergency monitoring, etc...

TOWER DIMENSIONS

Length (Without Tongue)	4.6ft
Width (Included Fender)	2.6ft
Height (Mast Retracted)	6.5ft
Weight (With All Equipment)	306kg

TRAILER SPECIFICATIONS

Dimensions (mm)	1600x900x2700mm
Weight (Kg)	300
System Voltage	DC24V
Protection Level	IP65
Inverter	Phoenix Inverter 24/375 120V VE. Direct NEMA 5-15R
No. of Solar Panel	2
Panel Wattage	100W
Panel Output	200W
Solar Controller	Victron SmartSolar MPPT 100/20
Capacity	1 x 24V230Ah LFP batteries, total 5.9kWh capacity
Battery Charger	Victron Smart IP43 Charger 24 / 25(1+1)120 - 240V
Type	Manual mast
Total Height	4.5M (15ft)
Coil Cable	1xCAT6 + 3x2.5sqmm
Camera Box	Included, hexagonal design, with 3 blue strobe lights
